Disability Discrimination Act

The school is required by law to take disability into account in relation to the Nursery admission process and the arrangements it makes for disabled pupils and potential pupils. This is so as to avoid any child being discriminated against on the grounds of their disability in the allocation of Nursery places or in the arrangements that are made within the Nursery to provide for a child's disability.

If you think that your child has a disability, please give full details and attach any supporting documentation to your application form. This can be considered when Nursery places are allocated and, if your child is admitted, in the arrangements made within the Nursery to provide for your child's needs.
