Accessibility Plan

Introduction

The SEN and Disability Act 2001 extended the Disability Discrimination Act 1995 (DDA) to cover education. Since September 2002, schools have had three key duties towards disabled pupils, under Part 4 of the DDA:

1. not to treat disabled pupils less favourably for a reason related to their disability;
2. to make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage;
3. to publish an Accessibility Plan showing how they plan to improve access progressively over time

A person is defined as having a disability by The Equality Act 2010 if they have:
“ a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities”.

This plan sets out the proposals of the Governing Body of Hartland High School to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA:

1. increasing the extent to which disabled pupils can participate in the school curriculum;
2. improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
3. improving the delivery to disabled pupils of information, which is provided in writing for pupils who are not disabled.

Hartland High School’s Accessibility Plan is resourced, implemented, reviewed and revised as necessary and reported on annually. A new Accessibility Plan will be written every three years although it shall be recognised that some actions will be ongoing and will be transferred to the new plan.

We are working within a national framework for educational inclusion provided by:

- Equality Act 2010
- The SEN Revised Code of Practice 2015
- The Disability Discrimination Act 1995 (amended for schools in 2001)

The school has an administration block which is two floors connected with a stairwell and lift.

There are also four teaching pods for Key Stage 2 and 3, each with two floors connected by stairwells.

Additionally, there is a separate building at the rear of the school for the sixth form, which also has two floors and access to a lift. Between the main school and the sixth form building is the Sports Hall, which features both a stairwell and a lift providing access to offices and the viewing area.

Lifts are available in the Admin building, C and D Pods, Sports Hall, and the Sixth Form area.

Some pods are connected by external bridges: Admin to A Pod, C Pod to B Pod, and B Pod to D Pod.

School's vision for disabled pupils:

Hartland High School is committed to providing a fully accessible environment which values and includes all students, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action and challenging negative attitudes about disability and accessibility, and to developing a culture of awareness, tolerance and inclusion. We aim to remove those barriers and ensure that all students can take part in the day to day life of our school and benefit from the learning experiences we provide.

The Accessibility Plan shows how access is to be improved for students with a disability, staff and visitors within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable.
