Selective Eligibility Test September for 2027 Entry

-Frequently Asked Questions-

The “participating schools” in the Selective Eligibility Test, “SET”, are Greenshaw High School, Nonsuch High School for Girls, Sutton Grammar School, Wallington County Grammar School, Wallington High School for Girls and Wilson’s School.

Section: Registering for the SET and applying for a school place

If my child passes the Selective Eligibility Test does that mean they have a place at my chosen school?

No. If your child passes the Selective Eligibility Test for a particular school, it means:

For Greenshaw High School – Greenshaw High School uses the outcome of the Selective Eligibility Test to determine those children who may be *eligible to be considered* for one of their 60 ability places. You may wish to list this school on your CAF. Please note that even if your child does not achieve the pass mark in the Selective Eligibility Test they may still be eligible for a place at Greenshaw under one of the school’s other criteria.

For Nonsuch High School for Girls, Sutton Grammar School, Wallington High School for Girls, Wallington County Grammar School and Wilson’s School – your son or daughter is *eligible* to sit the second stage Entrance Examinations, details of which will be sent to you by email.

For boys:-

A shared second stage test will be held by Sutton Grammar School, Wallington County Grammar School and Wilson's School on Saturday 3 October 2026. The test will be common to all three schools, but the criteria applied to be of selective ability will be determined by each school individually. If your son is deemed to be of selective ability by any one of these schools, you will be able to name those school(s) on your CAF in your chosen order of preference.

For girls:-

A joint second stage test will be held by Nonsuch High School for Girls and Wallington High School for Girls on Saturday 26 September 2026. Both the test and the criteria applied to be of selective ability will be common to both schools. If your daughter is deemed to be of selective ability, you will be able to name either or both schools on your CAF in your chosen order of preference.

The outcome of the second stage entrance examinations will be emailed to parents/carers by the end of October (in advance of the deadline for completion of the CAF). Please note that success in the examinations does not mean that a place will be offered.

Please note:

Greenshaw High School admits both **boys and girls**.

Sutton Grammar School, Wallington County Grammar School and Wilson's School admit only **boys**.

Nonsuch High School for Girls and Wallington High School for Girls admit only **girls**.

How do I apply for a place at Wallington County Grammar School?

For a place at Wallington County Grammar School in Year 7 September 2027 **you must register your child** to take the Selective Eligibility Test by completing the online Registration Form which can be accessed [here](#) from 1 May 2026. This online Registration Form can also be accessed via the websites of Greenshaw High School, Nonsuch High School for Girls, Wilson's School, Wallington High School for Girls and Sutton Grammar School.

The online Registration Form will be available to complete online from 1 May 2026. **The closing date for the completion of the Registration Form is midnight on Friday 31 July 2026. No late registrations will be accepted under any circumstances.** Please note there is an earlier deadline of **12 June 2026** for submission of requests for access arrangements for candidates with SEN, and for supporting evidence (see further information in the SEN, Disabilities, Access Arrangements and Medical Conditions section below).

There is no overseas provision; in order to sit the test, your child must be present at one of the participating schools.

For the SET, these will be Greenshaw High School, Nonsuch High School for Girls, Sutton Grammar School, Wallington County Grammar School, Wallington High School for Girls and Wilson's School.

Girls who pass the SET will be invited to sit the Second Stage Entrance Examination at either Nonsuch High School for Girls or Wallington High School for Girls. Boys who pass the SET will be invited to sit the Second Stage Entrance Examination at either Sutton Grammar School, Wallington County Grammar School or Wilsons School. Greenshaw High School does not hold a Second Stage Entrance Examination.

You must complete your registration using the online form in advance of the closing date. If your son passes the entrance test (SET and Stage 2 Exam), **you must include Wallington County Grammar School on the Common Application Form (CAF)** to be eligible for consideration for a place.

The CAF is provided by your home Local Authority when your child is in Year 6 and you use it to apply to any school regardless of the Local Authority in which the School is located. The closing date for submission of the CAF is 31 October 2026. If you wish to apply for a place at Wallington County Grammar School, you must name the school on the CAF.

In order to make a valid application to Wallington County Grammar School:

- Your son must pass the entrance examination (SET & Stage 2)
- You must name Wallington County Grammar School on your CAF

If I am also interested in a place at one or more of the other participating schools, do I need to complete a separate form for them too?

No. You only need to complete the online Registration Form once. This is the case no matter how many of the participating schools you are interested in.

Do I need to complete a Supplementary Form?

The Registration Form for the Selective Eligibility Test serves as the Supplementary Form for Wallington County Grammar School and for all the schools in the SET group.

What if I am only interested in a place at one or two of the participating schools?

That's fine. Just complete the online Registration Form to sit the Selective Eligibility Test (accessed via the website of any of the participating schools). Your child must sit the Selective Eligibility Test in order to be considered by any of the following schools: Nonsuch High School for Girls, Sutton Grammar School, Wallington County Grammar School, Wallington High School for Girls, Wilson's School or for one of the 60 ability places available at Greenshaw High School.

What if I change my mind or am not seriously interested in any of the participating schools?

If you register your child for the Selective Eligibility Test but then decide that you do not want them to take the test after all, please let us know by emailing set2027entry@suttongrammar.school as soon as you decide.

Are you genuinely interested in applying for a place at one or more of the selective schools in the London Borough of Sutton? While any parent of a child who will be transferring to secondary school in September 2027 is entitled to register their child for the SET, we respectfully request that you only register if you are genuinely seeking a place in one or more of the SET participating schools.

Parents using our tests as a free “mock” for more distant grammar schools or for independent schools generate unnecessary costs for us. When the children qualify for, and sit, Stage 2 tests the costs can be quite significant as Stage 2 tests have to be marked by teaching professionals.

How do I register twins or two or more children in the same school year?

When you complete the parent registration you will be asked to “**Add a child**”. Please enter the required details for **ALL** children you wish to sit the SET this year. You will NOT be able to add children after this point, so it is vital you add ALL children you wish to sit the SET this year at this point. Once you have verified your email address, you will be taken to the parent homepage where you will start the application form for your first child. When asked if they are a twin, please select “**Yes**”. Once the application for your first child is submitted, complete the application form for your second child, again selecting “Yes” when asked if they are a twin.

Do not start a brand-new registration for the second child, both children must be added under the original registration.

Can my child sit the test if they are not in Year 6 at the time of the tests?

No. The Selective Eligibility Test is for children who will be in Year 6 of primary school at the date of the test being held on 15 September 2026 (expected date of birth range 1 September 2015 to 31 August 2016). Children can only sit the Selective Eligibility Test once. A younger child cannot sit the test in earlier years as a practice. The participating schools will conduct year on year comparisons of the names of registered children.

What do I do if my child is out of the normal chronological age range in his/her year group?

If your child is going to be in Year 6 at the time of the test but is out of date range (i.e. their birth date is **not** between 1 September 2015 and 31 August 2016) then you must contact the SET Administrator at set2027entry@suttongrammar.school. You need to provide supporting evidence from your child’s primary school confirming why the decision was taken to allow them into an academic year that does not correspond with their birth year. The letter should

include your child's full name, date of birth, the current year group they are in at school, and the date they joined the school and the out of age cohort. Please ensure your accompanying email also contains this information. This information will be shared with all relevant participating schools, and a decision will be taken by each of those schools as to whether to allow a child to be considered for a place at that school outside of the normal chronological age range. Please refer to the 2027 admission arrangements for the school(s) you are interested in for more information on how out of date range pupils are considered.

Why is there a question on the registration form about Pupil Premium/Free School Meals (FSM)?

Free School Meals and Pupil Premium form part of the over subscription criteria in the admissions policy, for some of the schools. If you have ticked that your child receives these, you will be asked to complete further questions. Free School Meals and/or your child's Primary School receiving Pupil Premium in respect of him or her forms part of the oversubscription criteria in the admissions policies of the following schools within the SET group:

Nonsuch High School for Girls
Sutton Grammar School
Wallington High School for Girls
Wallington County Grammar School Wilson's School

You should consult the Admissions Policy of these specific schools for further information.

For Nonsuch High School for Girls and Wallington High School for Girls, candidates who are registered as Pupil Premium at their Primary School are eligible to achieve up to 20% lower than the standardised pass mark for the SET (and the standardised pass marks in the NWSSEE Maths and NWSSEE English papers). Parent/carer's will be able to download a Pupil Premium form when registering their child for the SET (or a copy can be found [here](#)). The child's Primary School will need to complete the form and return it to GLT Admissions (for Nonsuch &

Wallington High School for Girls) **before the child sits the Selective Eligibility Test**. It is the parents/carer's responsibility to ensure this evidence is submitted.

The Government has expanded the provision of Free School Meals to families in receipt of Universal Credit from September 2026. However, in order to be eligible for a Pupil Premium space, your child must be registered as a Pupil Premium student.

For **Wilson's School**, there is an admission band of up to 14 places available for candidates who pass the entrance tests for Wilson's School and are eligible for income-linked Free School Meals. If your son is eligible to be considered for a place at Wilson's school because they have passed the relevant test(s), documentary evidence to confirm FSM eligibility will be required

from your child's current Primary School **after the Second Stage Entrance Examination**. It is the parents' responsibility to ensure this documentary evidence is available.

If you are applying for a Free School Meals/Pupil Premium place at Wilson's School, Sutton Grammar School or Wallington County Grammar School **and** your son passes the Stage 2 exam, you will be contacted by the schools after the Stage 2 exam and there is nothing further for you to do at this stage.

How do I find out if my child has triggered Pupil Premium or is eligible for Free School Meals (FSM)?

You should speak to your child's primary school who will be able to help answer this question. This link gives a list of the reasons why your child could be eligible for free school meals: <https://www.gov.uk/apply-free-school-meals>

This link provides information on pupil premium: <https://www.gov.uk/government/publications/pupil-premium/pupil-premium>

My child is at school abroad. Is it possible for my child to sit the SET at his/her current school?

No. We do not provide any form of overseas testing and all candidates will be expected to travel to the UK to sit the SET at one of the Sutton school test centres.

My child currently lives outside England, can I apply for a place?

You should be aware that when you are applying for a school place by completing the Common Application Form, rather than simply registering your child to sit an entrance test, applicants living outside England may only submit an application if they have a linked address within an English Local Authority area. Documentary evidence must be supplied to the Local Authority at the time of application to show you will return to the address prior to September in the year of entry. If you wish to discuss your circumstances prior to making an application, you should contact the school admissions department of your likely future home Local Authority. Local Authority contact details in the local area are as follows:

Sutton	suttonadmissions@cognus.org.uk	020 8770 5000
Merton	admissions@merton.gov.uk	020 8274 4901
Croydon	school.admissions@croydon.gov.uk	020 8726 6400
Surrey	schooladmissions@surreycc.gov.uk	0300 200 1004

ABOUT THE SET

When is the Selective Eligibility Test?

The date of the Selective Eligibility Test will be **Tuesday 15 September 2026**.

What is in the Selective Eligibility Test?

The test is made up of two papers; a multiple-choice Maths paper and a multiple-choice English paper. **The tests do not include verbal reasoning or non-verbal reasoning.** Candidates record their answers on a separate answer sheet by filling in a lozenge-shape for answer A, B, C, D or E or a combination of answers. If candidates change their mind about the answer, they need to rub out as fully as possible the wrong answer and replace it with the new answer. The exam papers take between 40 and 50 minutes each and there is a rest and toilet break between the two.

An extract from a sample answer sheet can be viewed [here](#).

Can I get specimen papers or sample questions for the Selective Eligibility Test?

We do not provide specimen papers. The content of the Maths and English tests is broadly based on the Key Stage 2 curriculum. Examples of the sorts of questions asked for both the English and Maths Selective Eligibility Tests can be found below.

[SET English Sample Questions](#)

[SET Maths Sample Questions](#)

Is there any negative marking in the Selective Eligibility Test?

There is no negative marking in the SET papers. In the English paper, for questions where the candidate is told to select two of the multiple-choice options, candidates will only gain marks if they select both of the correct answers. No marks are awarded if only one of the correct answers is selected. No marks are awarded if the candidate selects more than two answers. For questions where the correct answers involve a range of possible answers (2, 3 or 4 options) without specifying the number, a marking approach will be taken which does not require the candidate to get all of the right answers to score a mark (unless the candidate selects all five options, which will automatically score zero). **We do not share further details about this approach.**

Will rough paper be supplied for workings out?

No, we do not provide rough paper for workings out. It is fine for candidates to use any additional space on the SET Question papers for their workings out.

Are there any other opportunities to sit the Selective Eligibility Test?

There are no alternative dates to sit the Selective Eligibility Test except if your child is not fit to sit the test on the day. A medical certificate/evidence covering 15 September 2026 confirming your child was not fit to sit the test on the day will be required. Further guidance regarding unfit to sit will be provided with your SET invitation.

Where will my child sit the Selective Eligibility Test?

All six participating schools will be hosting the Selective Eligibility Test at their schools at the same time on the same day. About a week before the test date you will be notified of the test centre your child should attend, along with other details needed to sit the test.

Regardless of your preferences, girls will be allocated to sit the test at either Nonsuch High School for Girls or Wallington High School for Girls. Boys will be allocated to sit the test at one of Sutton Grammar School, Wallington County Grammar School or Wilson's School. Boy/girl twins or siblings will be allocated to sit the test at Sutton Grammar School.

Can I request that my child sits the Selective Eligibility Test at a particular venue?

No. In view of the number of candidates, it is not possible to manage requests for a specific venue.

What if I have been allocated a particular venue for my child to sit the Selective Eligibility Test but I am not interested in a place at that school?

It doesn't matter. The school your child attends to sit the Selective Eligibility Test has no relevance to your preferences for a school place.

Can I request a morning or afternoon slot for the Selective Eligibility Test?

No. In view of the number of candidates, it is not possible to manage requests for a specific time during the test day.

What should my child bring with them to the Selective Eligibility Test? Your child will need:

1. A printout of the invitation email which will be sent to you the week before the test. This contains your child's venue details and candidate number.
2. Two pencils (HB or B), a soft rubber, a pencil sharpener and a ruler in a clear plastic pencil case or bag.
3. A fleece or jumper.
4. If desired, water in a clear plastic sports cap bottle (no fizzy drinks) and a snack for break time (no nuts due to the number of children who suffer from nut allergies).
5. A reading book to help pass waiting time. It should be a book that your child is reading for pleasure.
6. Tissues.

Your child must not bring:

1. A mobile telephone or any other electronic device.
2. A calculator or calculator watch.
3. A smartwatch or watch that beeps.
4. Any piece of stationery which displays times tables or other such information.
5. A dictionary.

6. Any food containing nuts.

Please do not send your child to the exam with a large backpack/bag as space in the exam areas is limited. We would recommend using a tote or carrier bag. Only analogue watches are permitted in the exam room. Candidates will be asked to remove their watch and place it on the desk in front of them.

Please do not show us your child's candidate number on your smartphone. You must have a printout with his/her candidate number when you arrive for the test.

Can my child bring their medication with them (e.g. EpiPen, inhaler) to the Selective Eligibility Test?

Your child may bring their usual medication with them to the test venue. It is important to provide details of their medical requirements on the online registration form so that we can make sure that the members of staff supervising their test venue are aware.

What should I do if my child is not fit to sit the test on the day of the Selective Eligibility Test?

If your child is not fit to sit the Selective Eligibility Test on 15 September 2026 you must follow the instructions that will be included in the email invitation to sit the SET which you will receive in the week before the test. You will be required to email set2027entry@suttongrammar.school before the start of your child's test session on 15 September 2026 with your child's full name, date of birth and a brief description of their reasons for not attending the test. Supporting evidence will be required.

What happens if my child becomes unwell during the Selective Eligibility Test itself? Where a candidate becomes indisposed during a test, the test venue will make appropriate arrangements to care for the child and to inform his/her parents. These arrangements may include allowing the candidate to leave the test room for a short period under supervision and returning to finish the tests. If the candidate is unable to continue and leaves the premises then he/she will not be allowed to finish any test that he/she has already started.

SEN, DISABILITIES, ACCESS ARRANGEMENTS AND MEDICAL CONDITIONS

What if my child has an Education Health and Care Plan? (EHCP)

If your child has an EHCP, there are separate processes for school admissions to be followed, and you should speak first with your Local Authority who administer the process. You still need to complete the online Registration Form for your child to be able to sit the Selective Eligibility Test. Your child will need to pass the Selective Eligibility Test (and Second Stage test where applicable) to be considered for a place at Nonsuch High School for Girls, Sutton Grammar School, Wallington County Grammar School, Wallington High School for Girls, Wilson's School or for one of the 60 ability places at Greenshaw High School.

Please note that supporting documentary evidence **must** be submitted if you wish us to consider putting Access Arrangements in place for the tests. The required evidence must be submitted by the Primary School SENCO via the email link that will be sent to them after you have registered. This must be done **no later than Friday 12 June 2026** to ensure that your child can be considered for Access Arrangements. Please do not send the evidence to the school(s) you are interested in or to the general SET 2027 email address as it will not be processed. **Please email sen-set2027entry@suttongrammar.school**

Further guidance and information on the evidence that is required and the basis on which decisions on Access Arrangements will be made can be found [here](#).

What if my child has special educational needs, disability or medical requirements that I think should be taken into account for the Selective Eligibility Test?

If you are applying for Access Arrangements, you will be asked whether your child will require Access Arrangements in Step 3 – Child’s Welfare and Support Information section. This will trigger Step 5 - Access Arrangements, and all questions in this section must be answered. You will provide us with your primary School SENCO email address and confirm that you give us permission to contact them on your child’s behalf. We will then send them a form to complete and a link to provide us with professional evidence.

The online registration form asks you to provide details of any special educational needs, physical disability or medical conditions your child may have. It is particularly important that you tell us if your child has any physical/mobility, medical, sensory, learning or behavioural issues or conditions or is suffering from a temporary injury that may substantially disadvantage him/her in the context of an examination. Letting us know will not disadvantage your child in any way. It is also important that you tell us if your child has a disability in relation to mobility that has an impact upon their ability to access the exam venue so that appropriate arrangements can be made. If you are simply providing information, you can do this via the Additional Information section on the online registration form, however if you are applying for Access Arrangements you need to complete the Access Arrangements section. If you have submitted an application for Access Arrangements for your child, it is your responsibility to liaise with your Primary School SENCO, to ensure they have received our correspondence and are prepared to complete the required form and upload the relevant documentary evidence by the specified deadline.

Please note that supporting documentary evidence **must** be submitted if you wish us to consider putting Access Arrangements in place for the tests. The required evidence must be submitted by your Primary School SENCO via the email link that will be sent to them after you have registered. This must be done **no later than Friday 12 June 2026** to ensure that your child can be considered for Access Arrangements. Please do not send the evidence to the school(s) you are interested in or to the general SET 2027 email address as it will not be processed. **Please email sen-set2027entry@suttongrammar.school**

Further guidance and information on the evidence that is required and the basis on which decisions on access arrangements will be made can be found [here](#).

Can you apply special consideration to the outcome of the Selective Eligibility Test? We are unable to apply special consideration to the outcome of the Selective Eligibility Test under any circumstances. If you do not feel your child is in a fit state to sit the test on the test day, please follow the guidance above.

AFTER THE SET

When and how do I find out the outcome of the Selective Eligibility Test?

You will receive an outcome email during the week after the Selective Eligibility Test.

What is the pass mark for the Selective Eligibility Test?

It is not possible to state a pass mark in advance of the test. The pass mark will be decided by the participating schools after the test has been marked. Each School may determine its own pass mark.

Do you offer a review or re-marking service?

No. All SET answer sheets are marked twice as a matter of course: firstly by machine and then by hand, to ensure that all marks are accurately recorded.

Does my child have to pass each paper in the Selective Eligibility Test?

It is the total score that determines whether your child has passed the test: so for example, a very good performance in English can compensate for one that is a little weaker in Maths.

Does my son's score in the Selective Eligibility Test count towards his score in the Second Stage Entrance Examination at Sutton Grammar, Wallington County Grammar and Wilson's School?

Yes. The rank order of the entrance examinations at each of these schools will be determined on the basis of the aggregate scores of the Selective Eligibility Test and the papers which make up the shared Second Stage Entrance Examination. Each school may apply their own specific ratio and you are advised to look further at the websites of the individual schools.

Does my daughter's score in the Selective Eligibility Test count towards her final score for Nonsuch and Wallington Girls?

Yes. The final total score is the sum of the SET score (re-standardised and divided by 2), the standardised Maths NWSSEE score and the standardised English NWSSEE score.

Do you make allowances for age (as in a child whose birthday is at one end of the school year)?

Yes. A standardisation for age mechanism is applied to the outcome of the Selective Eligibility Test. Age standardisation is normal in tests for entrance to selective schools. There is no fixed amount for the age adjustment. It is calculated for each test separately.

Will I be given details of my child's results of the Selective Eligibility Test? Each school may determine its own pass mark.

If your child has passed the SET for **ANY** of the participating schools (Nonsuch High School for Girls, Wallington High School for Girls, Greenshaw High School, Sutton Grammar School, Wilson's School or Wallington County Grammar School) you will not be given their scores but you will be told that he/she has met the required standard(s) and invited to Second Stage testing (where applicable).

For Greenshaw High School, if your child is eligible for one of the 60 ability places, you will not be given their score but you will be given information on how to apply for one of these 60 places.

If your child does not meet the required standard for any of the participating schools, you will be given his/her standardised scores in both papers which will include any appropriate age adjustment and their total score.

What happens if my child does not pass the Selective Eligibility Test?

If your child does not pass the Selective Eligibility Test for a particular school it means:

For Greenshaw High School – your son or daughter is not eligible for one of the 60 ability places at Greenshaw High School but they may still be eligible for a place at Greenshaw High School under one of the school's other criteria. Please see the Greenshaw High School website for details of its admissions criteria.

For all the other participating schools – your child is not eligible for a place at any of these schools as they will not have met the admissions criteria. You should not name these schools on your CAF. However, if you think you might want to lodge an appeal, you will need to name the relevant school(s) on the CAF. This will give you the opportunity to lodge any appeal(s) after National Offer Day.

My child did not achieve the pass mark but only missed it by a few marks

The pass mark for each school represents a standardised score, rather than raw marks or points or a percentage score in the tests. Each child's final total standardised score is stated to several decimal places to provide a ranked list. It is therefore possible (in fact likely) that there are a great number of candidates in the ranked list between each whole number.

For example, if the pass mark was a standardised score of 214 and your child's total standardised score is 213, it is not accurate to say that they have missed the pass mark by "one mark". There could be a large number of children (e.g. 50-100) with total standardised scores between your child's position in the rank and the last child to achieve the pass mark.

When will I receive an offer of a school place?

You will not receive an offer until 1 March 2027 (National Offer Day). Offers of places at Sutton Grammar School are dependent not only on passing the SET and Second Stage Entrance Examination and your son's position in the rank order but also on whether or not you have placed another school or schools higher on your list of preferences and if you have, on the outcome of the process at those schools.

I have a question which isn't covered here; what should I do?

If your query relates to the SET, you should email it to set2027entry@suttongrammar.school

If your query relates to SEN, you should email it to sen-set2027entry@suttongrammar.school

If your query relates to admissions for one of the participating schools, you should contact a member of the Admissions Team at that school:

School	Tel No	Email
Greenshaw High School	020 8715 1001	admissions@greenshaw.co.uk
